

elipson® | Horus 6B

BOOKSHELF LOUDSPEAKER

Compact size,
amazing musicality.

The Elipson Horus 6B bookshelf loudspeaker offers, in a compact format, an astonishing musicality for its price.

Condensing all of Elipson's experience and know-how, this elegant passive loudspeaker reproduces a magnificent, airy sound image and an articulate extension of the bass register that is astonishing for its size.

Its great acoustic versatility allows it to be used in a stereo or multi-channel home cinema installation.

Designed as a 2-way loudspeaker, it is composed of a 5" low-midrange loudspeaker made of cellulose pulp surfaced with glass fibre and a 1" silk dome tweeter made of neodymium, all of which offer a perfect sound cohesion.
