

elipson® | Horus 11F

FLOORSTANDING LOUDSPEAKER

Exceptional musicality.

The Elipson Horus 11F floorstanding loudspeaker condenses all of Elipson's experience and know-how into a carefully designed loudspeaker that offers exceptional musicality for this price category.

This elegant floorstanding loudspeaker, acoustically designed as a 2.5-way, is composed of two 130mm (5") cellulose pulp bass-midrange drivers with a glass fibre coating and a 25mm (1") neodymium silk dome tweeter, for perfect sonic cohesion.

Finally, the front bass-reflex design allows for easy placement of the speakers in any room.

With a height of 85 cm and a width of 17.5 cm, the Horus 11F loudspeaker can be easily integrated into the vast majority of homes.

The small footprint and the three available finishes make it an easy to fit into any configuration. The spikes of the floor-standing loudspeaker are removable and thus facilitate exact positioning.

TECHNICAL

<p>Type Floorstanding loudspeaker - 2.5 way Acoustics - Bass - reflex</p>	<p>Frequency response (± 3dB) 40 - 25 000 Hz</p>
<p>Event Flared - Front ported for lower load - Tuned Freq.: 45 Hz</p>	<p>Sensitivity 90 dB / 1W / 1m</p>
<p>Power 120 W RMS</p>	<p>Nominal impedance 6 Ohms</p>
<p>Drive-units Mid-Woofers : 2 x 5" Mixed of glass fiber and paper Tweeter : 1" silk dome - Neodymium</p>	<p>Minimum impedance 4,3 Ohms @ 190 Hz</p>
<p>Crossover - Fc 2800 Hz - 12 dB / 12 dB</p>	<p>Terminal Single wire</p>
<p>Recommended power amplifier 50 - 200 W</p>	

DIMENSIONS WEIGHT

<p>Dimensions H850 x W175 x D250</p>	<p>Net weight (unit) 13 kg</p>
<p>Dimensions with base and grille H875 x W175 x D270</p>	

PACKAGING

<p>Packaging dimensions W363 x H914 x D255 mm</p>	<p>Gross weight (pair) 15 kg</p>
